

Cesta kolem vody (A Path along the River) the circuit via Sokolská chata Chalet

 **13,3 km**

 **4 h**

 **251 m**

If you do not like to return the same way, we suggest a circuit above Vrbno, which will provide you with breath-taking views.

Set out from the centre of the town to Mirkův pramen (Mirkův Spring). From there, after refreshment, follow the path to the left, walk around Sokolská chata Chalet and continue along Vodárenská cesta (keep left). The route will take you to the Karlovice crossroad, from where you can continue along the main road to Karlovice, for example to the Kosárna Museum. From the crossroad, you can also go to the Karlovice – zastávka train station. There is a footpath under the main road and you can return back to Vrbno by the Cesta kolem vody (a Path along the River). The Cesta kolem vody (a Path along the River) is marked with a blue-white sign. It runs along the river and you do not cross the train tracks anywhere.
