A green hiking trail from the local part of Vrbno – Železná or from Bílý Potok will lead you to the ruins of Rabenstein Castle. The guard castle dates back to the second half of the 13th century, and together with the nearby Weissenstein Castle, it formed an unusual double-guard castle in our country. To this day, only very small remnants of the watchtower and the foundations of the backyard lining between the rocks have been preserved.
