The Vincenz Priessnitz Trail is a 7 km route that starts with an introductory information panel in Lázně Jeseník at the public transport terminus - Sanatorium Priessnitz station and returns to it again. The trail route is marked with a green sign (diagonal green stripe in a white field) and is intended for pedestrians only, as some sections are inaccessible by bicycle. On the original and newly built routes of the trail you will see 14 springs, learn about their history and get into the secrets of the origins of the local spa industry. Along the way, you will be refreshed by the delicious water from the springs and you will also enjoy the beauty of the Jeseníky border region, which offers many fascinating views of the surrounding area.
