

# Nová Ves Lookout Tower

The lookout tower is situated in the village of Dolní Moravice – Nová Ves. This six-storey, 31.5 m high wooden tower with a steel staircase will captivate you with a view of part of the Jeseník Mountains ridge and the Velký a Malý Kotel (Large and Small Basin).

It is possible to come to the lookout tower by car or take a walk from Karlov pod Pradědem (yellow hiking trail). In the summer season, an Express cable car runs here and you can be taken up the hill.
